To Advertisers.—The Vermont Daily Transcript has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, in no other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

We would remind our readers that Dr. Rarey commences his lectures this afternoon at the American House, and continue for one week. Those interested in horses should attend the Doctor's lectures. Particular attention paid to shoeing, trotting, livery and fancy horses.

MELONS.—H. L. Samson & Co., who are sure to get fruit about as early as nature will allow, have now on hand a fine lot of early melons. Of course this lot will not last long.

DEMOCRATIC CONVENTION.—We understand that the Democratic County Committee have issued a call for a Convention, to be held at Fairfield, on the 14th of August, to nominate candidates for Senators and County officers.

MR. E. C. DUNLAP is making a canvas of this town for the *Massachusetts Ploughman*. We most heartily commend the *Ploughman* as the best agricultural paper published in New England.

A FIGHT.—There was a pugilistic encounter about 2 o'clock this afternoon between some Frenchmen at the south end of the Park, which resulted in one old Frenchman getting a bruised head and face. The belligerents were separated by Policeman Failey, Inspector Goff and others. One of the parties manifesting too much fight was taken in charge by Mr. Failey and lodged with Sheriff Soule. The cause of the fight so far as we can learn was rum.

LENT'S CIRCUS.—This equestrian troupe arrived in St. Albans yesterday morning from Richmond, where they performed the day before. Although professing to make no outside show they paraded the principal streets of our village at about 10 o'clock this forenoon and made a good appearance. The horses are in excellent condition, and did not look at all weary as those of circus companies generally do. The company gave a performance this afternoon, and those present speak of it in praiseworthy terms. There will be another performance this evening commencing at 7 1/2 o'clock. Tickets may be had at the jewelry store of E. H. Huntington on Main St. From here the circus goes to Burlington.

NORTHFIELD.—Heman Carpenter, J. H. Orent, John Gregory, Dr. M. McLearn and Roswell Dewey have been chosen delegates to the District Convention, to be held at Rutland on the 5th of August.

THE TURK.—A trot for \$500 a side came off at Stanstead, P. Q., Tuesday, between "Sorrel Dan," a horse owned at Stanstead, and "Snowflake," from White River Junction. The race was closely contested, and was won by Sorrel Dan, in three straight heats. Time 2:38, 2:37, 2:38.—*Richford Sentinel*.

Handsome Present to the Fire Companies.

The following correspondence speaks for itself:—

ST. ALBANS, July 27, 1868.
C. F. SAFFORD, Esq.,
Chief Engineer Fire Dept., of the Village of St. Albans.

DEAR SIR,—I enclose two hundred dollars herewith, which divide equally between the two Fire Companies in this village, to be used by each company as they see fit; and ask them to accept it as a token of my appreciation of their services, in protecting the property of citizens of the village.

You will also please express to the members of each company, my thanks for their exertions in protecting my property on the occasion of the recent fire.

With many wishes for the success of the organization of which you are the chief,

I remain,

Yours truly,

BRADLEY BARLOW.

It will be impossible to get the Companies together this evening, for the proper acknowledgment, of Mr. Barlow's handsome present, on account of the amusements advertised for that time. Washington, No. 1, has its regular monthly meeting to-morrow evening, and we presume there will be a speedy meeting of the other company, when, without doubt, the proper action will be taken. We feel safe in saying that our efficient fire companies feel grateful to Mr. Barlow for this kindly recognition of their services; and it is to be hoped that others of our wealthy public spirited citizens will follow the example which he has set them.

TRIAL TRIP.—The trial trip of the new steamer *Oakes Ames* took place on Saturday afternoon and was a gratifying success. At 2:17 p.m. the steamer left her moorings on the south side of Beckwith's wharf, and after a beautiful sweep steered southerly for Smith's Point, Shelburne, a distance of eight miles, making in 25 minutes, and with not exceeding 20 pounds of steam, her wheels making 21 revolutions per minute. Returning to Burlington the steamer swept handsomely by the wharves which were lined with admiring spectators, and at once stood her course for Port Kent, 10 miles, which she made in 32 minutes.

The return trip from the dock at Port Kent to about midway of the breakwater was then made in *twenty-nine minutes and a half*, which is considered excellent speed. The engines worked admirably throughout. The average of steam on the trip from Port Kent to Burlington was 37 pounds; and at one time, with 50 pounds, the wheels made 27 1/2 revolutions a minute. The vessel touched her dock and landed her party at 4:40 p.m., having accomplished a trip of forty miles in twenty-three minutes.

The Times to which we are indebted for the foregoing says that among the gentlemen, besides her owners, who largely enjoyed this pleasant trip, were Collector Stannard, Hon. Levi Underwood, V. P. Noyes, B. B. Smalley, representatives of the press, several federal officials of this city, and Col. Charles H. Joyce, of Rutland, Governor Page and Hon. John Howe, of Brandon, Directors of the Rutland Railroad, accompanied the party and were rightfully proud of the success of their new steamer.

"THE DIRECTOR'S CAR."—We notice that the "Director's Car" which has been undergoing repairs and various alterations, is out of the shops and looking better than new. At the rear end of the car extending back about four feet there is a recess, while the platform is enclosed in an iron railing with gates.

VERMONT HISTORICAL SOCIETY.

Several of the gentlemen who were to read papers at the Special Meeting of the Vermont Historical Society, appointed, to be held at Rutland July 29th and 30th, being unable to be present, it has been deemed best for the Society, that a postponement should be made at a later day. The meeting has been postponed until Thursday and Friday, August 29th and 30th, 1868. At that time papers will be read by Rev. Dr. Shelton of New York, Gen. John W. Phelps of Brattleboro, Rev. Pliny H. White of Coventry, A. D. Hager of Proctorsville, L. L. Dutcher of St. Albans, Henry Hall, Esq., Rev. F. W. Holland and Henry Clark of Rutland and others.

RUTLAND RAILROAD.—A dividend of 21 per cent, on the preferred stock of the Rutland Road is declared payable August 1st. The preferred stock issued only in exchange for first mortgage bonds of the Rutland and Burlington Railroad Company. To secure this dividend conversions must be made on or before the 25th instant, when the books will be closed for making up the dividend.

It is stated that the only bachelor in the Hampshire State Senate is Hon. John W. Barney, of Lancaster. He is fifty-two years of age, a native of St. Johnsbury and a graduate from the Woodstock Medical College.

THE REPUBLICAN NATIONAL COMMITTEE.—The Union Republican National Committee have fixed their headquarters at the Fifth Avenue Hotel, New York City, and request that all business communications be addressed to them at that place. Lieutenant Governor William Claflin of Boston is Chairman, and William E. Chandler of Washington, Secretary. The Central Executive Committee consists of William Claflin, Boston, Mass.; T. W. Park, North Bennington, Vt.; William H. Kemble, 2205 Green street, Philadelphia; Horace Greeley, New York; H. H. Starkweather, Norwich, Conn.; B. C. Cowen, Belaire, O.; and Marsh Giddings, Kalamazoo.

The Public Park and Sidewalks.

MESSRS. EDITORS.—A stranger in St. Albans and having in advance formed favorable impressions, one or two things disappoint me very much, as a New England man, but resident of New York. Your plank sidewalks, especially the old, worn ones, do discredit to the comfort and safety of walking about your beautiful village. In almost every other town I have visited for the last five years, they have been abandoned, and brick or stone flagging substituted. In the end, they are vastly better and cheaper.

You have a beautiful park, with fine shade trees, but it has none of the taste and thrift of New England about it. It looks rather like a cattle pen than an ornamental enclosure, for such a fine town. The dilapidated fences want to be repaired, the walks opened and made clean and smooth, and the grass kept fresh from lawns and abuses. Then it would be truly an ornament, as it should be, to St. Albans. In many small towns near the sea-shore, such a park would be prized above riches and kept in the best possible order, at public expense; when once put in such condition, the cost of keeping it attractive and an ornament, would be nothing contrasted with the honor and beauty which it would reflect upon the citizens. Excuse this expression of freedom on the part of

A STRANGER.

The Fenians.

The New York correspondent of the Philadelphia *Ledger* writes, on July 22nd, as follows:—"There is more in that Buffalo dispatch about the gathering of the Fenian chiefs than appears on the surface of things. If the Canadians will but patiently wait a few days they will see. At any rate that is the assurance I get from a prominent member of the Brotherhood, who is operating at this end of the line, and whose outgivings in relation to Fenian movements to come off, have generally proved correct."

A telegraphic despatch from Buffalo, dated July 24th, says:

The Fenian Congress is still in session here, and is expected to close its session to-morrow. All that has transpired of their secret session is, that they have been in close communication with military men from various sections of this country, and also with military representatives from Canada. A spy from Canada managed to worm himself, last night, into one of the Fenian Circles sitting immediately under the room occupied by the Senate, and but for the timely interference of some leading members of the organization, the spy would have been roughly used. He was summarily ejected.

The Steamer United States has been repaired and again took her place on the Lake Saturday morning.

CONFIRMED.—Henry G. Colby, son of Safford Colby, of Jonesville, has been confirmed by the Senate as Past Assistant Paymaster of the Navy.

A. B. HERRICK, son of S. L. Herrick, of Burlington, left this morning on an European tour of several months.

NOMINATIONS.—The President has nominated Alexander Cumming, of Pennsylvania, Commissioner of Internal Revenue; S. W. Johnson, Assistant Secretary of the Treasury; George M. Rosecrans Minister to Mexico.

PERSONAL.—Hon. Worthington C. Smith arrived home from Washington yesterday morning.

Attorney General Everts is daily expected at his beautiful summer residence in Windsor.

George Stevens, Esq., formerly proprietor of the Revere House in Brattleboro, died recently in Greenfield, Mass., where he was keeping a hotel.

Gen. L. A. Grant, formerly of Belows Falls, is on the stump in Iowa for Grant and Colfax. He addressed a large gathering at Muscatine on the 18th.

At the recent commencement of Dartmouth College the degree of Doctor of Divinity was conferred upon Rev. Roger S. Howard, formerly Rector of Trinity Church in Rutland.

A. P. Wilder, formerly of Brattleboro, has been elected Secretary of the State Insurance Company at Topeka, Kansas.

O. L. Ballard, of Burlington, has removed to Woodbury, N. J., where he is engaged in the manufacture of fire-bricks and tile.

Prof. Seeley, of Middlebury College, now absent in Europe, will return home in a few weeks.

General Agent For Vermont.
ST. ALBANS, VT.

At the present time there is much competition among Life Insurance Companies, and many agents are far too regardless of the truth, in statements when soliciting for risks, hence it is all important for persons intending to insure their lives, to insure only with agents whom they know to be reliable, again it is always most satisfactory for parties assured to have their risks with Local agents, then there is no difficulty or danger of loss in transmitting premiums. Persons intending to insure their lives will find it for their advantage to see the agent of the Guardian Mutual before insuring elsewhere.

LATEST NEWS!

FROM WASHINGTON.

ADJOURNMENT OF CONGRESS.

FILIBUSTERING IN THE HOUSE.

Horse Races at Buffalo.

WASHINGTON, July 27.

The Senate assembled last night at 7 1/2 o'clock and remained in session until after 2 o'clock this morning, and after adjourning disposed of all the Indian treaties made by the Indian Peace Commissioners. The Senate Corridor was filled with office seekers.

A recess was taken until 9:30 this morning. At midnight it commenced raining and has steadily continued since. Fears are entertained that the surrounding country will be flooded and great damage done to property.

The House assembled at 9 o'clock this morning but no quorum was present and it was about 10 o'clock before one was obtained. The confusion and noise became so great that Washburn, who was in the Chair, was compelled to relinquish it to Speaker Colfax
